

Slipcovered Furniture from Sunset Trading

Features & Benefits

1. All slipcovers can be removed for cleaning. Manufacturer recommended cleaning method: Dry clean. Can be machine washed using a non-agitator washing machine. Wash: Cold water on gentle cycle. Dry: Cool gentle cycle, remove from dryer immediately to avoid wrinkles.
2. Back cushions are filled with a feather blend mixture of 50% polyester fiber and 50% feathers channel-sewn into several compartments to assure the back pillow stays durable for years to come.
3. Webbing is used for strength and comfort while providing back support.
4. Legs are attached with lag bolts and T-nuts to ensure they don't come loose with use.
5. Outside arms and outside backs are padded and reinforced with plywood for stability and additional structural support.
6. All frames are kiln dried to remove moisture and prevent warping, twisting, and cracking. Primary frame joints are glued, stapled, and reinforced with wood blocks.
7. Eight-way hand-tied heavy gauge steel springs are individually anchored and hand tied to all adjacent springs and to the frame in eight directions. Each coil moves independently for comfort wherever you sit.
8. Lavishly padded front rail gives a softer appearance and protects from fabric wear against the sturdy frame.
9. Luxurious cushions consisting of high quality multi compression, 1.8 lbs. density foam that has a feather blend bagged topper on both sides of the cushion. This creates the unique relaxed comfort generally associated with a high-end slipcovered group.
